- Open to new opportunities

# Leadership

# Professional Perspective

- Map of the world
- Perception is the lens we view life
- Product of our professional way of thinking and others
- Need a new way of thinking a new intelligence
- Context of changing health and social care

# Context of Change

- Growth in the complexity of health and social care provision
- Patient Public Carer Family Involvement
- Quality patient care dependent on:
- Knowledgeable healthcare workforce
- Evidence base to underpin practice

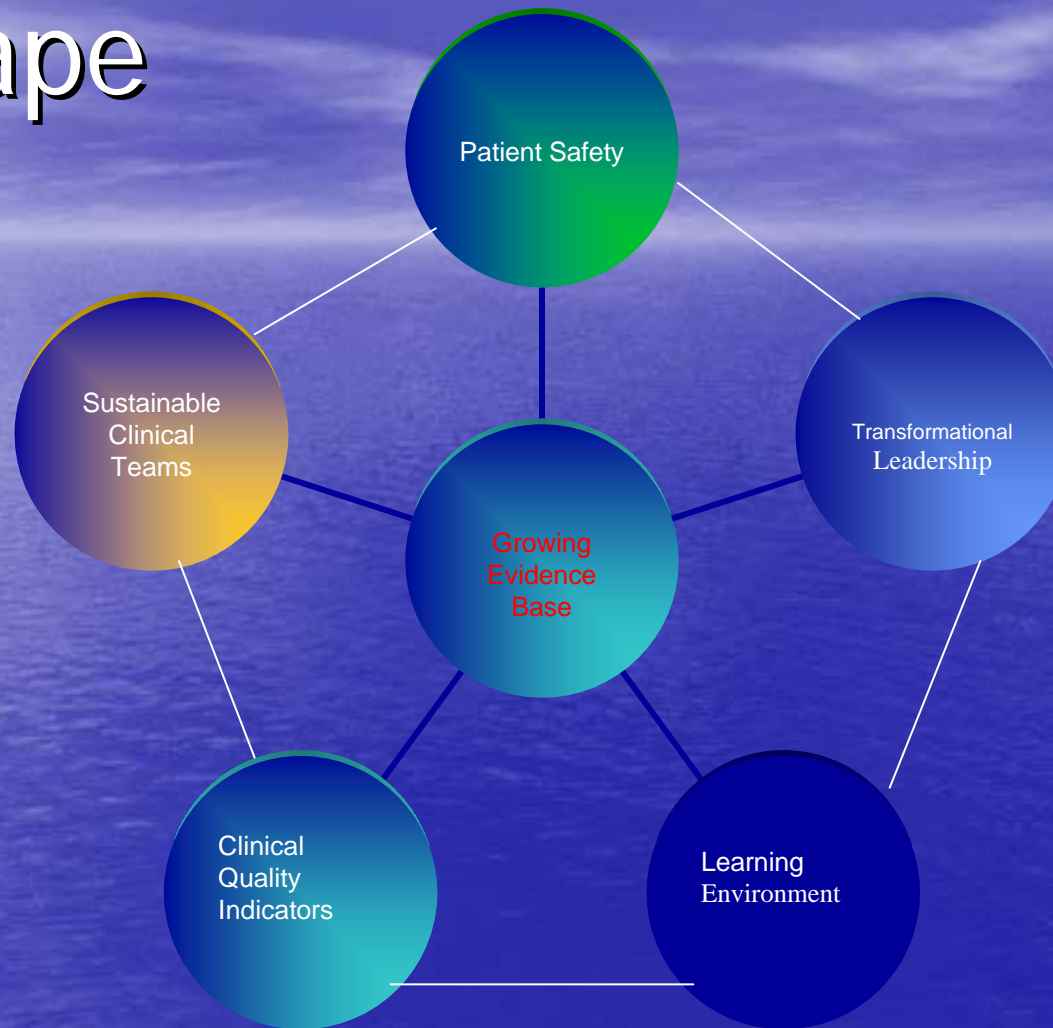

# Delivering Care Enabling Health

- Common agenda and purpose
- Celebrating what is unique and distinct
- Models already - NMAPHRU NHQIS
- Brave new model
- Unique in the UK
- Risky?

'NMAPH key players in taking forward a progressive healthcare agenda we have created in Scotland, truly harnessing their contribution to implementing Delivering for Health.'

# Landscape

# Challenge

- The needs of patients, public, families and carers at the forefront
- Not exclude members of the NMAPH family
- Sustainability
- NMAPH professionals developing coalitions of interest
- Communities of practice that relate to realities of clinical care

# Challenge

- Recognition that what people have in common is more important than the difference
- Creating transformational change
- What will it bring us?

# Opportunity

- Harness positive energy
- Practice development aligned with patient agenda
- Practice Development world shaped by other maps
- Strengths in commonality and diversity
- Clear place for specific professional focus
- Partnership and collaboration
